Boycott These Israeli Companies

19 October 2023

Category: Other

Israel has been oppressing Palestinians for decades now. They have taken their land and resources. I refuse to support such a country and you should too. It is not just about preventing yourself from buying Israeli products but also buying products from companies that support Israel. These companies may be providing military aid, tracking technology or just money in general. I noticed that there are no sources which have an extensible list of companies that support Israel. This is why I wrote this post to make supporting the Palestinian cause easier.

Keep in mind that Israeli products' barcodes start with 729. However, this may not always be the case. Be sure to check with the supplier.

THIS LIST WILL KEEP BEING UPDATED. SOURCES FOR EACH COMPANY SUPPORTING ISRAEL WILL BE ADDED.
